Dear Mr. McLaughlin

Removal from special measures

I am writing to congratulate you and your school team on your recent inspection outcome.

I know that the progress your school has made is the result of hard work and commitment on the part of many people. It is clear from the inspection report that you, senior leaders and the interim transition board have addressed the main areas of weakness. It is pleasing to see that teaching is characterised by many positive attributes, including teachers' probing questions that extend pupils' learning. However, there is more work to do to improve the quality of teaching further so that teachers routinely challenge pupils of all abilities.

I hope that you are all celebrating the improvements you have made. I am sure that you agree that the progress made by you and your team will benefit every pupil at the school.

I wish you every success in your continuing drive for further improvement in the months and years ahead.

Yours sincerely

Amanda Spielman
