How did completing this activity improve your leadership?

I was the captain of our school football team in an away match on 7th February 2019. We played against a school who had beaten us 3 times.
I was responsible for motivating the team to encourage them to believe in themselves. Before the game, we discussed our strategy with our PE teacher, and I directed the team to play in a 4-4-2 formation.
At half time we were 1-0 down but I tried to encourage the team and we went on to win 2-1 in the second half
